

Job's Nursery Evergreen Shrub Detailed List

Arborvitae, Berkman's Golden *Thuja orientallis 'Aurea Nana'*

Type Evergreen **Exposure** Full Sun to Partial Shade **USDA Zones** 6

Height 6 to 8 feet **Spread** 4 feet **Growth Rate** 6 inches yearly

Foliage Flat sprays of foliage

Summer Color Golden with Green middle **Autumn Color**

Plant Attributes A dense globe that with its yellow highlights contrasts dark green or red foliage very nicely. Can be used as a small hedge or a specimen.

Arborvitae, Danica *Thuja occidentalis 'Danica'*

Type Evergreen **Exposure** Full Sun to Part Shade **USDA Zones** 4 to 8

Height 2 feet **Spread** 2 feet **Growth Rate** 2 to 3 inches yearly

Foliage Flat sprays of foliage

Summer Color Dark Green **Autumn Color**

Plant Attributes A neat little global shrub that is great for a border, small hedge or just to add a little green for the winter in a flower bed.

Arborvitae, Degroot's Spire *Thuja occidentalis 'Degroot's Spire'*

Type Evergreen **Exposure** Full Sun to Partial Shade **USDA Zones** 3

Height 8 to 10 feet **Spread** 3 feet **Growth Rate** 6 to 8 inches yearly

Foliage Flat sprays of foliage

Summer Color Dark Green **Autumn Color** Bronze Green

Plant Attributes A narrow columnar that has an irregular, tight foliage pattern that resembles a natural spiral. Can be used as a specimen or informal hedge. Turns a bronze tint for the winter.

Arborvitae, Emerald Green *Thuja occidentalis 'Smaragd'*

Type Evergreen **Exposure** Full Sun to Partial Shade **USDA Zones** 3

Height 12 to 15 feet **Spread** 4 1/2 feet **Growth Rate** 12 to 18 inches yearly

Foliage Flat sprays of foliage

Summer Color Emerald Green **Autumn Color** Dark Green

Plant Attributes An upright columnar with dense branching that is a popular hedge plant in the Tri-Cities used for its color, durability and foliage density. Space 3 to 4 feet apart for a great hedge.

Arborvitae, Hetz Midget

Thuja occidentalis 'Hetz Midget'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	3
Height	2 feet	Spread	2 feet	Growth Rate	2 to 3 inches yearly
Foliage	Flat sprays of foliage				
Summer Color	Dark Green	Autumn Color	Green with a bronze cast		
Plant Attributes	A neat little global shrub that is great for a border, small hedge or just to add a little green for the winter in a flower bed.				

Arborvitae, Holmstrup

Thuja occidentalis 'Holmstrup'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	3 to 8
Height	5 to 7 feet	Spread	2 to 3 feet	Growth Rate	3 to 5 inches yearly
Foliage	Overlapping Scales				
Summer Color	Dark Green	Autumn Color			
Plant Attributes	An Arborvitae with an upright pyramidal and frumpy habit that is a great substitute for Hinoki Cypress for a hot, sunny spot. Can be a specimen or as a informal hedge.				

Arborvitae, Little Giant

Thuja occidentalis 'Little Giant'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	3
Height	6 feet	Spread	6 feet	Growth Rate	4 inches yearly
Foliage	Flat sprays of foliage				
Summer Color	Dark Green	Autumn Color			
Plant Attributes	A neat global shrub that is great for a foundation, small hedge or just to add a little green for the winter in a flower bed.				

Arborvitae, Pyramidal

Thuja occidentalis 'Pyramidalis'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	3
Height	20 feet	Spread	4 1/2 to 5 feet	Growth Rate	15 to 18 inches yearly
Foliage	Flat sprays of foliage				
Summer Color	Medium Green	Autumn Color	Green with a Bronze Cast		
Plant Attributes	An upright columnar hedge plant that is the toughest of the Arborvitae. Great for rough areas as long as its watered. Space 3.5 to 5 feet apart.				

Arborvitae, Rheingold

Thuja occidentalis 'Rheingold'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	4 to 8
Height	4 to 5 feet	Spread	4 to 5 feet	Growth Rate	3 to 5 inches yearly
Foliage	Overlapping Scales				
Summer Color	Golden Yellow	Autumn Color	Copper Gold		
Plant Attributes	A dense globe that with its yellow highlights contrasts dark green or red foliage very nicely. Can be used as a small hedge or a specimen.				

Arborvitae, Tom Thumb

Thuja occidentalis 'Tom Thumb'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	3
Height	2 feet	Spread	2 feet	Growth Rate	2 to 3 inches yearly
Foliage	Flat sprays of foliage				
Summer Color	Bright Green	Autumn Color	Green with Bronze cast		
Plant Attributes	A neat little global shrub that is great for a border, small hedge or just to add a little green for the winter in a flower bed.				

Arborvitae, Westmont

Thuja orientallis 'Westmont'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	6
Height	3 feet	Spread	2 1/2 feet	Growth Rate	4 inches yearly
Foliage	Flat sprays of foliage				
Summer Color	Golden with Green middle	Autumn Color			
Plant Attributes	A dense globe that with its yellow highlights contrasts dark green or red foliage very nicely. Can be used as a small hedge or a specimen.				

Arborvitae, Woodward Global

Thuja occidentalis 'Woodwardii'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	6
Height	5 to 6 feet	Spread	5 1/2 feet	Growth Rate	6 inches yearly
Foliage	Flat sprays of foliage				
Summer Color	Medium Green	Autumn Color	Green with Bronze cast		
Plant Attributes	A large global shrub that is great for a foundation, small hedge or just to add a little green for the winter in a flower bed.				

Arborvitae, Yellow Ribbon

Thuja occidentalis 'Yellow Ribbon'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	3
Height	8 to 10 feet	Spread	2 to 3 feet	Growth Rate	4 to 6 inches yearly
Foliage	Flat sprays of foliage				
Summer Color	Golden with Green middle	Autumn Color	Copper Gold		
Plant Attributes	A upright irregular plant with great gold highlights. This shrub complements green, blue or red foliage very well.				

Aucuba, Mr. Goldstrike

Aucuba japonica 'Mr. Goldstrike'

Type	Evergreen	Exposure	Afternoon Shade to Total Shade	USDA Zones	6 to 8
Height	6 to 8 feet	Spread	4 to 6 feet	Growth Rate	4 to 5 inches yearly
Foliage	Large 6 to 7 inch long, pointed oval				
Summer Color	Glossy Green with Golden Yellow Splashed	Autumn Color	Glossy Green with Golden Yellow Splashed		
Plant Attributes	Upright, dense branching habit provides foliar interest for shade gardens, with large green leaves splashed with Yellow.				

Azalea, Belfair

Azalea 'Belfair'

Type	Semi-Evergreen	Exposure	Afternoon Shade	USDA Zones	6
Height	2 to 3 feet	Spread	2 to 3 feet	Growth Rate	2 to 3 inches yearly
Foliage	Small, round				
Summer Color	Medium to Deep Green	Autumn Color	Green to Yellow		
Plant Attributes	Rounded; with a compact, upright branching habit. In Mid Spring this azalea is covered with single to semi-double, Pink Flowers.				

Azalea, Han's Red

Azalea (Kurume Hybrid)

Type	Semi-Evergreen	Exposure	Afternoon Shade	USDA Zones	6 to 8
Height	2 to 3 feet	Spread	3 feet	Growth Rate	2 to 3 inches yearly
Foliage	Medium sized and round				
Summer Color	Glossy Deep Green	Autumn Color	Green to Yellow		
Plant Attributes	Rounded; with a compact, upright branching habit. In Early Spring this azalea is covered with medium sized, semi double, Bright Red Flowers.				

Azalea, Hino-Crimson

Azalea (Kurume Variety)

Type	Semi-Evergreen	Exposure	Afternoon Shade	USDA Zones	6 to 8
Height	2 to 3 feet	Spread	3 to 4 feet	Growth Rate	2 to 3 inches yearly
Foliage	Small, round				
Summer Color	Medium to Deep Green	Autumn Color	Green to Yellow		
Plant Attributes	Rounded; with a compact, upright branching habit. In Early Spring this azalea is covered with single, Crimson Red Flowers.				

Azalea, Hot Shot

Azalea (Girard's Hybrid)

Type	Semi-Evergreen	Exposure	Afternoon Shade	USDA Zones	6 to 8
Height	2 to 3 feet	Spread	3 to 4 feet	Growth Rate	2 to 3 inches yearly
Foliage	Small, round				
Summer Color	Medium to Deep Green	Autumn Color	Green to Yellow		
Plant Attributes	Rounded; with a compact, upright branching habit. In Early Spring this azalea is covered with large, single, Scarlet Flowers.				

Azalea, Jeremiah

Azalea (Girard's hybrid) 'Jeremiah'

Type	Semi-Evergreen	Exposure	Afternoon Shade	USDA Zones	
Height	2 to 3 feet	Spread	3 to 4 feet	Growth Rate	2 to 3 inches yearly
Foliage	Large, round				
Summer Color	Deep Green	Autumn Color	Green to Yellow		
Plant Attributes	Rounded; with a compact, upright branching habit. In Early Spring this azalea is covered with large, single, True Pink Flowers.				

Azalea, Roberta

Azalea (Girard's Hybrid)

Type	Semi-Evergreen	Exposure	Afternoon Shade	USDA Zones	6 to 8
Height	2 to 3 feet	Spread	3 to 4 feet	Growth Rate	2 to 3 inches yearly
Foliage	Small, round				
Summer Color	Medium to Deep Green	Autumn Color	Green to Yellow		
Plant Attributes	Rounded; with a compact, upright branching habit. In Early Spring this azalea is covered with large, double with ruffled edges, Pink Flowers.				

Azalea, Rose

Azalea (Girard's Hybrid)

Type	Semi-Evergreen	Exposure	Afternoon Shade	USDA Zones	6 to 8
Height	2 to 3 feet	Spread	3 to 4 feet	Growth Rate	2 to 3 inches yearly
Foliage	Small, round				
Summer Color	Medium to Deep Green	Medium to Deep Green	Autumn Color	Green to Yellow	
Plant Attributes	Rounded; with a compact, upright branching habit. In Early Spring this azalea is covered with large single with ruffled edges Deep Rose Pink Flowers.				

Barberry, Cherry Bomb

Berberis thunbergii 'Monomb'

Type	Semi-Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	4 to 8
Height	3 to 4 feet	Spread	3 to 4 feet	Growth Rate	4 to 5 inches yearly
Foliage	1 to 1 1/2 inch long, rounded				
Summer Color	Deep Crimson Red	Autumn Color	Bright Red		
Plant Attributes	A compact and rounded habit that works well in most beds where you need red foliage color. In Spring small clusters of yellow flowers run along the branches. Small persistent red berries develop and remain through winter to attract birds.				

Bog Rosemary, Blue Ice

Andromeda polifolia 'Blue Ice'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	2 to 6
Height	1 foot	Spread	3 feet	Growth Rate	1 to 2 inches yearly
Foliage	Leathery, 1 1/2 to 2 inches long and narrow				
Summer Color	Icy Blue	Autumn Color	Icy Blue		
Plant Attributes	A small mound of dense branches with Icy Blue foliage for year round interest. In early Spring; small Pink bell shaped flowers appear to send winter off and welcome spring.				

Boxwood, Grahm Blandy

Buxus Sempervirens 'Grahm Blandy'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	5 to 7
Height	7 to 9 feet	Spread	1 foot	Growth Rate	6 to 8 inches yearly
Foliage	Small, oval				
Summer Color	Dark Green	Autumn Color	Green		
Plant Attributes	A Columnar with tight upright branching and dark green foliage. Narrow Habit to provide height in tight spaces. Can be trimmed in a variety of shapes or left alone. Good foundation plant where year round foliage is needed.				

Boxwood, Green Beauty

Buxus microphylla 'Green Beauty'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	5 to 7
Height	3 to 4 feet	Spread	3 to 4 feet	Growth Rate	3 to 4 inches yearly
Foliage	Small, oval				
Summer Color	Dark Green	Autumn Color	Green		
Plant Attributes	A rounded and upright shrub that is great for hedges or specimens. Has glossy bright green foliage. Can be trimmed in a variety of shapes or left alone. Good foundation plant where year round foliage is needed.				

Boxwood, Green Velvet

Buxus x 'Green Velvet'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	5 to 7
Height	3 to 4 feet	Spread	3 to 4 feet	Growth Rate	4 to 5 inches yearly
Foliage	Small, oval				
Summer Color	Rich Green with Yellow tips	Autumn Color	Green		
Plant Attributes	A rounded globe with upright branching and dark green with yellow tipped foliage. Can be trimmed in a variety of shapes or left alone. Good foundation plant where year round foliage is needed.				

Boxwood, True Dwarf

Buxus sempervirens 'Suffruticosa'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	5 to 7
Height	2 to 3 feet	Spread	2 to 3 feet	Growth Rate	3 inches yearly
Foliage	Small, oval				
Summer Color	Dark Green	Autumn Color	Green		
Plant Attributes	Upright cone with dense branching habit and dark green foliage. Great for tight spaces or for a border. Can be trimmed in a variety of shapes or left alone. Good foundation plant where year round foliage is needed.				

Boxwood, Winter Gem

Buxus microphylla 'Winter Gem'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	5 to 7
Height	2 1/2 to 3 feet	Spread	3 feet	Growth Rate	3 to 4 inches yearly
Foliage	Small, oval				
Summer Color	Soft Green	Autumn Color	Medium Green		
Plant Attributes	Low and mounding habit that is great for hedges or specimens. Has glossy bright green foliage. Can be trimmed in a variety of shapes or left alone. Good foundation plant where year round foliage is needed.				

Cedar, Soft Serve

Chamaecyparis pisifera 'Dow Whiting'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	5
Height	10 feet	Spread	6 feet	Growth Rate	3 to 5 inches yearly
Foliage	Tiny, scale like, overlapping leaves				
Summer Color	Dark Green	Autumn Color	Dark Green		
Plant Attributes	A great compact, pyramidal evergreen for sunny and small spaces. Great for Christmas Lights.				

Cotoneaster, Coral Beauty

Cotoneaster dammeri 'Coral Beauty'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	6 to 7
Height	6 to 9 inches	Spread	8 to 10 feet	Growth Rate	6 to 9 inches yearly
Foliage	1 inch round				
Summer Color	Bright Green	Autumn Color	Maroon Red		
Plant Attributes	Mounding with spreading branches, excellent as a groundcover. Can be trained up a trellis for a focal interest. In spring tiny white flowers that lead to tiny coral orange berries that cover the stems in Late Summer and persist into winter. Birds Love.				

Cypress, Baby Blue Sawara

Chamaecyparis pisifera 'Baby Blue'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	4 to 8
Height	6 feet	Spread	4 feet	Growth Rate	4 to 6 inches yearly
Foliage	Tiny, scale like, overlapping leaves				
Summer Color	Silvery blue	Autumn Color			
Plant Attributes	A soft, silver blue cone with symmetrical dense branching that just adds a nice touch or accent to a green flower bed. Helps bring out contrasting flower colors.				

Cypress, Golden Mops

Chamaecyparis pisifera 'Golden Mops'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	4 to 8
Height	5 to 6 feet	Spread	5 to 6 feet	Growth Rate	3 inches yearly
Foliage	Tiny, saclike overlapping				
Summer Color	Golden Yellow	Autumn Color	Golden Yellow		
Plant Attributes	Mounded with cascading branches that brightens a shade bed with a waterfall of golden yellow foliage. Great compliment for dark green leafed plants.				

Cypress, Golden Showers

Chamaecyparis pisifera 'Golden Showers'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5
Height	8 to 10 feet	Spread	4 to 5 feet	Growth Rate	3 to 4 inches yearly
Foliage	Flat scale like, soft texture				
Summer Color	Green with Gold	Autumn Color	Copper Yellow		
Plant Attributes	Mounded with cascading branches that brightens a sunny bed with a waterfall of golden yellow foliage. Great compliment for dark green, blue or red foliage.				

Cypress, Golden Thread Branch

Chamaecyparis pisifera 'Filifera Aurea'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	5
Height	5 to 6 feet	Spread	6 to 7 feet	Growth Rate	3 to 5 inches yearly
Foliage	Thread like				
Summer Color	Golden Yellow over Green	Autumn Color	Copper Yellow		
Plant Attributes	Mounded with cascading branches that brightens a sunny bed with a waterfall of golden yellow foliage. Great compliment for dark green, blue or red foliage.				

Cypress, Russian

Microbiota decussata

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	2 to 6
Height	12 inches	Spread	3 to 4 feet	Growth Rate	2 to 4 inches yearly
Foliage	Tiny, scale like, overlapping leaves				
Summer Color	Bright Green	Autumn Color	Bronze		
Plant Attributes	A spreading, mounding habit. Dark green grower that has a softer feel than the spreading Junipers. Neat all around.				

Euonymus, Boxleaf

Euonymus japonicus 'Microphyllus'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	6 to 9
Height	1 to 2 feet	Spread	1 to 2 feet	Growth Rate	2 to 3 inches yearly
Foliage	1 to 1 1/2 inch long, rounded				
Summer Color	Bright Green	Autumn Color	Bright Green		
Plant Attributes	Rounded with compact branching that is great for small spaces. Small green leaves give it a different texture.				

Euonymus, Canadale Gold

Euonymus fortunei 'Canadale Gold'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	4 to 9
Height	4 feet	Spread	3 to 3 1/2 feet	Growth Rate	4 to 5 inches yearly
Foliage	1 to 1 1/2 inch long, rounded				
Summer Color	Bright Green with Golden margin		Autumn Color	Bright Green with Golden margin	
Plant Attributes	Rounded and compact with a great foliage contrast that breaks up runs of green foliage with glossy green and yellow edged foliage.				

Euonymus, Chollipo

Euonymus japonicus 'Chollipo'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	6 to 9
Height	12 feet	Spread	6 feet	Growth Rate	6 to 8 inches yearly
Foliage	1 to 1 1/2 inch long, rounded				
Summer Color	Dark Green with Cream edge		Autumn Color	Dark Green with Cream edge	
Plant Attributes	Upright with compact branching that is a large foliage interest with glossy, dark green and golden yellow edges.				

Euonymus, Emerald Gaiety

Euonymus fortunei 'Emerald Gaiety'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5 to 7
Height	2 to 3 feet	Spread	3 to 4 feet	Growth Rate	3 to 4 inches yearly
Foliage	1 to 1 1/2 inch long, rounded				
Summer Color	Rich Green with White margin		Autumn Color	White margins turn Pink and Red	
Plant Attributes	Mounded, dense branches with a great foliage contrast that breaks up runs of green foliage with glossy green and white edged foliage. In fall, the white margin turns pink and red tints. Start out as low creeper then mounds upon itself for added height.				

Euonymus, Emerald 'N Gold

Euonymus fortunei 'Emerald 'n Gold'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5 to 7
Height	2 to 3 feet	Spread	3 to 4 feet	Growth Rate	3 to 4 inches yearly
Foliage	1 to 1 1/2 inch long, rounded				
Summer Color	Rich Green with a Gold margin		Autumn Color	Green with Gold margin	
Plant Attributes	Mounded, dense branches with a great foliage contrast that breaks up runs of green foliage with glossy green and gold edged foliage. Start out as low creeper then mounds upon itself.				

Euonymus, Gold Splash

Euonymus fortunei 'Rosemerto'

Type	Evergreen	Exposure	Full Sun to Partail Shade	USDA Zones	5 to 8
Height	18 to 24 inches	Spread	3 to 4 feet	Growth Rate	2 to 4 inches yearly
Foliage					
Summer Color	Green with a Yellow Edge		Autumn Color	Green with a Yellow Edge	
Plant Attributes	Mounded, dense branches with a great foliage contrast that breaks up runs of green foliage with glossy green and gold edged foliage. Larger leaves and more heat tolerant than Emerald N Gold Euonymus.				

Euonymus, Golden Prince

Euonymus fortunei 'Monce'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	4 to 9
Height	4 feet	Spread	4 feet	Growth Rate	3 to 4 inches yearly
Foliage	1 to 1 1/2 inches long				
Summer Color	Green with yellow Margins		Autumn Color	Green with yellow Margins	
Plant Attributes	Mounded, dense branches with a great foliage contrast that breaks up runs of green foliage with glossy green and yellow edged foliage. Start out as low creeper then mounds upon itself.				

Euonymus, Silver King

Euonymus japonica 'Silver King'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	5 to 7
Height	6 feet	Spread	3 feet	Growth Rate	4 to 5 inches yearly
Foliage	1 to 1 1/2 inches long, rounded				
Summer Color	Glossy Green with Silvery underside		Autumn Color	White margins turn Pink to Red	
Plant Attributes	Upright; dense branches that is heat tolerant broad leaf evergreen with large, glossy, green and white edged foliage. In fall the white margins take on a Pink tint.				

Euonymus, Silver Princess

Euonymus japonica 'Moness'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	6 to 9
Height	2 to 3 feet	Spread	2 to 3 feet	Growth Rate	2 to 3 inches yearly
Foliage	1 to 2 inch, pointed oval				
Summer Color	Green with a white edge		Autumn Color	Green with a white edge	
Plant Attributes	Rounded wit upright branching that is a heat tolerant broad leaf evergreen with small, glossy, green and white edged foliage.				

Fir, Dwarf Balsam

Abies balsamea 'Nana'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	3
Height	15 to 18 inches	Spread	2 to 2 1/2 feet	Growth Rate	2 to 4 inches yearly
Foliage	Small needles				
Summer Color	Dark Green	Autumn Color	Dark Green		
Plant Attributes	A dense globe of Soft short needles with the fir fragrance is a great addition for a shade garden in both texture and winter interest with dark green foliage.				

Heather (Fall), Silver Knight

Calluna vulgaris 'Silver Knight'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	4
Height	20 to 24 inches	Spread	20 to 24 inches	Growth Rate	2 to 3 inches yearly
Foliage	Very small, needle like				
Summer Color	Gray	Autumn Color	Purple-Gray		
Plant Attributes	Rounded, with dense spreading branches and silver Grey foliage gives way to lots of tiny, bell shaped, Lavender flowers that start to appear in Late Summer and continue into Fall.				

Heavenly Bamboo

Nandina domestica

Type	Semi-Evergreen	Exposure	Afternoon Shade	USDA Zones	5 to 9
Height	5 to 7 feet	Spread	3 feet	Growth Rate	4 to 5 inches yearly
Foliage	Divided into many 1 to 2 inch pointed leaflets				
Summer Color	Glossy Green	Autumn Color	Brilliant Red		
Plant Attributes	Upright stems with mounded, layered green leaves that turns red for the fall and winter. Clusters of white flowers that can produce some tiny red berries.				

Heavenly Bamboo, Harbour Dwarf

Nandina domestica 'Harbour Dwarf'

Type	Semi-Evergreen	Exposure	Afternoon Shade	USDA Zones	6 to 11
Height	18 inches	Spread	2 1/2 feet	Growth Rate	4 to 5 inches yearly
Foliage	Divided into 1 to 2 inch pointed leaflets				
Summer Color	Green	Autumn Color	Bronzy Red		
Plant Attributes	Upright stems with mounded, layered green leaves that turns orange to bronzy red for the fall and winter. Clusters of white flowers that can produce some tiny red berries.				

Heavenly Bamboo, Plum Passion

Nandina domestica 'Plum Passion'

Type	Semi-Evergreen	Exposure	Afternoon Shade	USDA Zones	4 to 8
Height	4 to 5 feet	Spread	3 feet	Growth Rate	3 to 5 inches yearly
Foliage	Divided into many 1 to 2 inch pointed leaflets				
Summer Color	Red to Deep Green	Autumn Color	Reddish Purple		
Plant Attributes	Upright stems with mounded, layered green leaves that turns reddish purple for the fall and winter. New growth emerges purple red maturing to green. Clusters of white flowers that can produce some tiny red berries.				

Hinoki Cypress, Compact

Chamaecyparis obtuse 'Compacta'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5 to 8
Height	10 feet	Spread	5 to 6 feet	Growth Rate	3 to 5 inches yearly
Foliage	Tiny scale like, overlapping leaves				
Summer Color	Dark Green	Autumn Color	Bronze in winter		
Plant Attributes	Pyramidal upright habit with irregularly layered branching and foliage that is a great focal point for a shade garden. A nice Green complement for other shade plants.				

Hinoki Cypress, Crisspii

Chamaecyparis obtusa 'Crisspii'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5 to 8
Height	10 feet	Spread	5 to 6 feet	Growth Rate	3 to 5 inches yearly
Foliage	Tiny scale like, overlapping leaves				
Summer Color	Yellow in spring, turning to green		Autumn Color	Bronze in winter	
Plant Attributes	Pyramidal upright habit with irregularly layered branching and foliage that is a great focal point for a shade garden. Yellow green complement for other shade plants.				

Hinoki Cypress, Dwarf

Chamaecyparis obtusa 'Nana'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	4 to 8
Height	5 to 6 feet	Spread	3 feet	Growth Rate	3 to 5 inches yearly
Foliage	Tiny scale like, overlapping leaves				
Summer Color	Green	Autumn Color	Bronze in winter		
Plant Attributes	Pyramidal upright habit with layered branching and foliage that is an attractive shrub for the shade with its informal shaping.				

Hinoki Cypress, Golden

Chamaecyparis obtusa 'Aurea'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5
Height	12 to 15 feet	Spread	8 to 10 feet	Growth Rate	4 to 5 inches yearly
Foliage	Flat scale like, soft texture				
Summer Color	Green with Yellow cast		Autumn Color	Green with Yellow cast	
Plant Attributes	Pyramidal with upright, irregular branches, that is a great interest point in a shade garden with its shape and foliage color.				

Hinoki Cypress, Hage

Chamaecyparis obtusa 'Nana Hage'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	4
Height	1 to 2 feet	Spread	1 to 2 feet	Growth Rate	1 to 2 inches yearly
Foliage	Tiny, scale like overlapping				
Summer Color	Deep Green	Autumn Color	Green with a Bronze tint		
Plant Attributes	Rounded, compact habit with a unique combination of foliage texture and color. Great accent for a shade garden.				

Hinoki Cypress, Koster's

Chamaecyparis obtusa 'Kosterii'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	4 to 8
Height	4 to 6 feet	Spread	4 to 5 feet	Growth Rate	3 to 5 inches yearly
Foliage	Tiny, scale like overlapping				
Summer Color	Deep Green	Autumn Color			
Plant Attributes	Pyramidal upright habit with irregularly layered branching and foliage that is a great focal point for a shade garden. Green complement for other shade plants.				

Hinoki Cypress, Lacey

Chamaecyparis obtusa 'Lacey'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5 to 8
Height	6 to 8 feet	Spread	6 to 8 feet	Growth Rate	3 to 5 inches yearly
Foliage	Tiny, scale like overlapping				
Summer Color	Green	Autumn Color	Green with a Bronze tint		
Plant Attributes	Rounded upright and arching branches that give an informal twist to the shade garden. Great as a focal point with its lacey and arching foliage.				

Hinoki Cypress, Lutea

Chamaecyparis obtusa 'Nana Lutea'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5 to 8
Height	3 to 5 feet	Spread	3 to 5 feet	Growth Rate	2 to 3 inches yearly
Foliage	Tiny, scale like overlapping				
Summer Color	Green with Yellow cast	Autumn Color	Green with a Bronze tint		
Plant Attributes	Pyramidal upright habit with irregularly layered branching and foliage that is a great focal point for a shade garden. Green with Yellow complement for other shade plants.				

Hinoki Cypress, Verdoni

Chamaecyparis obtusa 'Verdoni'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5
Height	3 to 5 feet	Spread	3 to 5 feet	Growth Rate	3 to 6 inches yearly
Foliage	Tiny, scale like, overlapping leaves				
Summer Color	Green with a yellow cast	Autumn Color	Green with yellow bronze cast		
Plant Attributes	A compact, dense and frumpy, yellow green shrub that accents Japanese Maples by providing winter interest and texture.				

Holly, Berry Magic Royalty

Ilex x meserveae 'Blue Prince' & 'Blue Princess'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5 to 9
Height	8 to 10 feet	Spread	6 to 8 feet	Growth Rate	4 to 6 inches yearly
Foliage	Leathery, toothed, 3 to 4 inches long				
Summer Color	Dark Green	Autumn Color	Dark Green		
Plant Attributes	A dense, upright, oval habit with dark green foliage gives way to a large amount of small red berries that birds love. Can be used foliage for winter and Christmas greenery. Self-fruitful.				

Holly, Dragon Lady

Ilex x meserveae 'Dragon Lady'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	6 to 8
Height	15 to 20 feet	Spread	6 feet	Growth Rate	6 to 8 inches yearly
Foliage	Pointed and lobed				
Summer Color	Dark Green	Autumn Color	N/A		
Plant Attributes	A dense, columnar habit with dark green foliage gives way to a large amount of small red berries that birds love. Can be used foliage for winter and Christmas greenery.				

Holly, Little Rascal (Male)

Ilex x 'Mondo'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5 to 9
Height	2 to 3 feet	Spread	3 feet	Growth Rate	3 to 4 inches yearly
Foliage	Leathery toothed, 3 to 4 inches long				
Summer Color	Dark, Shiny Green	Autumn Color	Dark, Shiny Green		
Plant Attributes	A round compact habit that is a great foliage interest, for shade gardens with its texture. Great for tight spaces. Easy to shape.				

Japanese Holly, Covexa

Ilex crenata 'Convexa'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	6
Height	6 to 8 feet	Spread	4 to 6 feet	Growth Rate	3 to 5 inches yearly
Foliage	Small leaves				
Summer Color	Dark Green	Autumn Color	Dark Green		
Plant Attributes	A dense rounded habit, that provides a nice block or evergreen interest.				

Juniper, Alpine Carpet

Juniperus communis 'Mondap'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	3 to 8
Height	8 inches	Spread	3 to 4 feet	Growth Rate	8 to 12 inches yearly
Foliage	Overlapping, scale like needles				
Summer Color	Deep Blue Green	Autumn Color			
Plant Attributes	A durable, flat dense groundcover with spreading branches that has a more delicate, softer look and feel to it. Great for alpine or Tuscan garden styles.				

Juniper, Blue Arrow

Juniperus virginiana 'Blue Arrow'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	4 to 9
Height	12 to 15 feet	Spread	2 feet	Growth Rate	12 inches yearly
Foliage	Overlapping scale like needles				
Summer Color	Bright Blue	Autumn Color			
Plant Attributes	An upright, narrow columnar with silver gray blue foliage that works great as a focal interest or as a hedge.				

Juniper, Blue Chip

Juniperus horizontalis 'Blue Chip'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	3 to 8
Height	12 inches	Spread	6 to 8 feet	Growth Rate	6 to 8 inches yearly
Foliage	Overlapping, scale like				
Summer Color	Silvery Blue	Autumn Color			
Plant Attributes	A durable, dense, flat topped mound with spreading branches with silver blue foliage for year round interest.				

Juniper, Buffalo

Juniperus sabina 'Buffalo'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	3 to 7
Height	8 to 12 inches	Spread	8 feet	Growth Rate	8 to 12 inches yearly
Foliage	Soft overlapping scale like needles				
Summer Color	Bright Green	Autumn Color			
Plant Attributes	A durable, dense, flat topped mound with spreading branches that can take a slope or open area with ease and durability.				

Juniper, Daub's Frosted

Juniperus x media 'Daub's Frosted'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	5 to 9
Height	2 to 3 feet	Spread	6 feet	Growth Rate	3 to 5 inches yearly
Foliage	Overlapping scale like needles				
Summer Color	Blue Green with Yellow New Growth	Autumn Color	Blue Green		
Plant Attributes	A durable, dense, flat topped mound with spreading branches that can take a slope or open area with ease and durability. For added interest new growth is yellow maturing to blue green for a great two tone color.				

Juniper, Gold Coast

Juniperus chinensis 'Gold Coast'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	3 to 8
Height	4 feet	Spread	4 feet	Growth Rate	6 to 8 inches yearly
Foliage	Overlapping scale like needles				
Summer Color	Golden over a Green inside	Autumn Color			
Plant Attributes	A blocky compact habit for smaller areas in need of an evergreen and a tough plant. Adds foliage interest with Gold over Green coloring. Produces small blue/gray berries that birds enjoy.				

Juniper, Gold Tip Pfitzer

Juniperus x pfitzeriana 'Gold Tip'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	3 to 8
Height	3 to 4 feet	Spread	8 to 10 feet	Growth Rate	8 to 12 inches yearly
Foliage	Overlapping scale like needles				
Summer Color	Gray Green with Bright Golden tips	Autumn Color			
Plant Attributes	Best in large places due its wide arching habit; where a tough foundation or hedge plant is needed. Gray/Green foliage tipped with Gold tips compliments other shrubs very well. Produces small blue/gray berries that birds enjoy.				

Juniper, Holger's

Juniperus squamata`Holger`

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	4 to 8
Height	5 to 6 feet	Spread	5 to 6 feet	Growth Rate	3 to 5 inches yearly
Foliage					
Summer Color	Yellow maturing to Blue Green		Autumn Color	Yellow maturing to Blue Green	
Plant Attributes	Layers of spreading branches mound to form a flat a topped evergreen interest. New growth emerges yellow and matures to a Blue Green.				

Juniper, Icee Blue

Juniperus horizontalis' Monber'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	3 to 9
Height	4 inches	Spread	8 feet	Growth Rate	8 to 12 inches yearly
Foliage	Overlapping scale like needles				
Summer Color	Silver Blue		Autumn Color		
Plant Attributes	A durable, dense, flat topped mound with spreading branches with silver blue foliage for year round interest.				

Juniper, Icee Blue (Tree)

Juniperus horizontalis' Monber'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	3 to 9
Height	3 feet	Spread	8 feet	Growth Rate	8 to 12 inches yearly
Foliage	Overlapping scale like needles				
Summer Color	Silver Blue		Autumn Color		
Plant Attributes	Small weeping garden or patio tree with blue gray foliage to work as a focal point. If not trimmed will create a neat waterfall effect. Produces small blue/gray berries that birds enjoy.				

Juniper, Mint Julep

Juniperus chinensis 'Monlep'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	3 to 8
Height	4 to 6 feet	Spread	6 to 8 feet	Growth Rate	12 inches yearly
Foliage	Overlapping scale like needles				
Summer Color	Bright Mint Green		Autumn Color		
Plant Attributes	Vase shaped with arching branches that is great for tough areas as a foundation or hedge plant. Bright Mint Green foliage year round and in late summer early fall produce blue/gray berries that birds enjoy.				

Juniper, Mint Julep Capri

Juniperus chinensis 'Monlep'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	3 to 8
Height	Shaped by pruning	Spread	Shaped by pruning	Growth Rate	12 inches yearly
Foliage	Overlapping scale like needles				
Summer Color	Bright Mint Green		Autumn Color		
Plant Attributes	A focal interest for the garden or pots with dark green foliage. Shaped to be have 2 rounded balls on the bottom and a cone on the top.				

Juniper, Mint Julep Oriental Pompon *Juniperus chinensis 'Monlep'*

Type Evergreen **Exposure** Full Sun to Partial Shade **USDA Zones** 3 to 8

Height Shaped by pruning **Spread** Shaped by pruning **Growth Rate** 12 inches yearly

Foliage Overlapping scale like needles

Summer Color Bright Mint Green **Autumn Color**

Plant Attributes A focal interest for the garden or pots with dark green foliage. Shaped to be upright to have multiple poms.

Juniper, Mint Julep Spiral *Juniperus chinensis 'Monlep'*

Type Evergreen **Exposure** Full Sun to Partial Shade **USDA Zones** 3 to 8

Height Shaped by pruning **Spread** Shaped by pruning **Growth Rate** 12 inches yearly

Foliage Overlapping scale like needles

Summer Color Bright Mint Green **Autumn Color**

Plant Attributes A focal interest for the garden or pots with dark green foliage. Shaped to be upright to be spiraled tower.

Juniper, Mint Julip Pompon *Juniperus chinensis 'Monlep'*

Type Evergreen **Exposure** Full Sun to Partial Shade **USDA Zones** 3 to 8

Height Shaped by pruning **Spread** Shaped by pruning **Growth Rate** 12 inches yearly

Foliage Overlapping scale like needles

Summer Color Bright Mint Green **Autumn Color**

Plant Attributes

Juniper, Moonglow *Juniperus scopulorum 'Moonglow'*

Type Evergreen **Exposure** Full Sun to Partial Shade **USDA Zones** 3 to 8

Height 15 feet **Spread** 5 feet **Growth Rate** 12 to 18 inches yearly

Foliage Overlapping scale like needles

Summer Color Intense Silver **Autumn Color**

Plant Attributes An upright, narrow pyramidal juniper with dense silver gray blue foliage that works great as a focal interest or as a hedge.

Juniper, Old Gold *Juniperus x pfitzeriana 'Old Gold'*

Type Evergreen **Exposure** Full Sun to Partial Shade **USDA Zones** 3 to 8

Height 4 feet **Spread** 4 feet **Growth Rate** 8 inches yearly

Foliage Overlapping scale like needles

Summer Color Green with Bright Golden Tips **Autumn Color**

Plant Attributes A blocky habit with some arching branches that does well in abusive situations as a small foundation or hedge plant. Green with gold tips add foliage interest to this plant. Produces small blue/gray berries that birds enjoy.

Juniper, Prairie Pillar

Juniperus virginiana 'Monbell'

Type Evergreen **Exposure** Full Sun to Partial Shade **USDA Zones** 4 to 9

Height 20 feet **Spread** 2 to 3 feet **Growth Rate** 12 inches yearly

Foliage Overlapping scale like needles

Summer Color Gray Green **Autumn Color**

Plant Attributes A narrow columnar with Gray Green foliage. Great for tight spaces for a block or accent.

Juniper, Prince of Wales

Juniperus horizontalis 'Prince of Wales'

Type Evergreen **Exposure** Full Sun to Partial Shade **USDA Zones** 3 to 8

Height 8 inches **Spread** 4 to 6 feet **Growth Rate** 6 inches yearly

Foliage Overlapping scale like needles

Summer Color Bright Green **Autumn Color** Purple Green

Plant Attributes A durable, dense, flat topped mound with spreading branches with bright green foliage for year round interest.

Juniper, San Jose Bonsai

Juniperus chinensis 'San Jose'

Type Evergreen **Exposure** Full Sun to Partial Shade **USDA Zones** 4 to 9

Height Shaped by pruning **Spread** Shaped by pruning **Growth Rate** 6 to 8 inches yearly

Foliage Overlapping scale like needles

Summer Color Bluish Green **Autumn Color**

Plant Attributes A focal interest for the garden or pots with bluish green foliage. Shaped to have multiple poms parallel to the ground.

Juniper, San Jose Oriental Pom-Pon

Juniperus chinensis 'San Jose'

Type Evergreen **Exposure** Full Sun to Partial Shade **USDA Zones** 4 to 9

Height Shaped by pruning **Spread** Shaped by pruning **Growth Rate** 6 to 8 inches yearly

Foliage Overlapping scale like needles

Summer Color Bluish Green **Autumn Color**

Plant Attributes A focal interest for the garden or pots with bluish green foliage. Shaped to have multiple poms vertically.

Juniper, Skyrocket

Juniperus scopulorum 'Skyrocket'

Type Evergreen **Exposure** Full Sun to Partial Shade **USDA Zones** 3 to 8

Height 12 to 15 feet **Spread** 3 1/2 feet **Growth Rate** 12 to 18 inches yearly

Foliage Overlapping scale like needles

Summer Color Silvery Blue **Autumn Color**

Plant Attributes An upright, narrow columnar juniper with silver gray blue foliage that works great as a focal interest or as a hedge.

Juniper, Spartan

Juniperus scopulorum 'Spartan'

Type Evergreen **Exposure** Full Sun to Partial Shade **USDA Zones** 3 to 8
Height 15 to 20 feet **Spread** 6 feet **Growth Rate** 1 to 2 feet yearly
Foliage Overlapping scale like needles
Summer Color Deep Green **Autumn Color**
Plant Attributes An upright, narrow pyramidal juniper with dense Deep Green foliage that works great as a focal interest or as a hedge.

Juniper, Tam (Tamarix)

Juniperus sabina 'Tamariscifolia'

Type Evergreen **Exposure** Full Sun to Partial Shade **USDA Zones** 3 to 8
Height 18 to 30 inches **Spread** 8 to 10 feet **Growth Rate** 8 to 12 inches yearly
Foliage Overlapping scale like needles
Summer Color Blue Green **Autumn Color**
Plant Attributes A durable, dense, flat topped mound with spreading branches that has Blue green foliage.

Juniper, Triple Twist Japanese Garden

Juniperus procumbens 'Nana'

Type Evergreen **Exposure** Full Sun to Partial Shade **USDA Zones** 3 to 8
Height Shaped by pruning **Spread** Shaped by pruning **Growth Rate** Caliper of trunk increases and pruning po
Foliage Feathery looking
Summer Color Blue Green **Autumn Color**
Plant Attributes A focal interest where it has been trained up with twisted branches and allowed to weep back down.

Juniper, Wilton (Blue Rug)

Juniperus horizontalis 'Wiltonii'

Type Evergreen **Exposure** Full Sun to Partial Shade **USDA Zones** 3 to 8
Height 6 inches **Spread** 8 to 10 feet **Growth Rate** 8 to 12 inched yearly
Foliage Overlapping scale like
Summer Color Silvery Blue **Autumn Color** Soft Plum in winter
Plant Attributes A durable, dense, flat topped mound with spreading branches with Silver Blue foliage in summer turns to a Plum color for winter.

Juniper, Wilton (Blue Rug) Grafted

Juniperus horizontalis 'Wiltonii'

Type Evergreen **Exposure** Full Sun to Partial Shade **USDA Zones** 3 to 8
Height 40 inches **Spread** 8 to 10 feet **Growth Rate** 8 to 12 inches yearly
Foliage Overlapping scale like
Summer Color Silvery Blue, in winter Silvery Plum **Autumn Color**
Plant Attributes Small weeping garden or patio tree with blue gray foliage to work as a focal point. If not trimmed will create a neat waterfall effect. Produces small blue/gray berries that birds enjoy.

Kinnikinick, Massachusetts

Arctostaphylos uva-ursi 'Massachusetts'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	2 to 6
Height	12 inches	Spread	10 to 15 feet	Growth Rate	
Foliage	Small				
Summer Color	Green	Autumn Color	Tinged Red to Gold		
Plant Attributes	An effective, durable, low spreading groundcover that provides year round interest; with small pink to white flowers covering branches in spring. In summer small 1/4 inch red berries form and attracts birds.				

Laurel, Otto Luyken

Prunus laurocerasus 'Otto Luyken'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	5
Height	4 to 6 feet	Spread	4 to 6 feet	Growth Rate	3 to 4 inches yearly
Foliage	Leathery, pointed oval				
Summer Color	Glossy Dark Green	Autumn Color	Dark Green		
Plant Attributes	Rounded with dense upright branches and large dark green leaves are great for hedges or evergreen interest. In Mid to Late Spring; long, spike-like clusters of fragrant, white flowers appear.				

Leucothoe, Rainbow Drooping

Leucothoe fontanesiana 'Rainbow'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5 to 7
Height	3 to 5 feet	Spread	3 to 5 feet	Growth Rate	3 to 4 inches yearly
Foliage	Leathery 3 to 6 inches, pointed oval				
Summer Color	Dark Green with Yellow and Rosy Pink patches	Autumn Color	Light colors on leaves intensify		
Plant Attributes	A rounded with an arching branching habit; great foliage interest for the shade garden with green leaves that have been patched with Yellow and Rosy Pink. Drooping clusters of small white flowers appear in Late Spring.				

Mountain Laurel, Bullseye

Kalmia latifolia 'Bullseye'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5
Height	4 to 5 feet	Spread	4 to 5 feet	Growth Rate	4 to 6 inches yearly
Foliage	Oval, about 2 to 4 inches long				
Summer Color	Bronze turning to Green	Autumn Color	Green		
Plant Attributes	Compact and rounded habit with Dark green foliage adds a backdrop to clusters of cinnamon purple with white centers and edged flowers that appear in late Spring.				

Mountain Laurel, Elf

Kalmia latifolia 'Elf'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5
Height	3 to 4 feet	Spread	3 to 4 feet	Growth Rate	4 to 6 inches yearly
Foliage	Oval, about 2 to 4 inches long				
Summer Color	Dark Green	Autumn Color	Dark Green		
Plant Attributes	Compact and rounded habit with dark green foliage adds a backdrop to clusters of pure white flowers that appear in late Spring.				

Mountain Laurel, Minuet

Kalmia latifolia 'Minuet'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5
Height	2 to 3 feet	Spread	2 to 3 feet	Growth Rate	4 to 6 inches yearly
Foliage	Oval, about 2 to 4 inches long				
Summer Color	Dark Green	Autumn Color	Dark Green		
Plant Attributes	Compact and rounded habit with dark green foliage adds a backdrop to clusters of Pink with Maroon Banded flowers that appear in late Spring.				

Oregon Grape, Compact

Mahonia aquifolium 'Compacta'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5 to 7
Height	2 to 3 feet	Spread	3 to 4 feet	Growth Rate	3 to 6 inches yearly
Foliage	Narrow, pointed 3 to 4 inches long				
Summer Color	New growth Bronzy Red turning Glossy Green	Autumn Color	Purplish Red		
Plant Attributes	Upright with irregular, mounding branching habit provides character. Blooms long yellow clusters of flowers in March. Blue gray berries develop by summer that attract birds. Foliage color changes from green to purple red for winter.				

Photinia, Red Tipped

Photinia fraseri

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	6 to 10
Height	10 to 15 feet	Spread	8 to 12 feet	Growth Rate	12 to 15 inches yearly
Foliage	Pointed, oval, 3 to 5 inches long				
Summer Color	Glossy Dark Green, New Growth Red	Autumn Color	Green		
Plant Attributes	Rounded with upright habit and is great for screening alone or as a hedge. New growth is fire red that matures to a dark glossy green.				

Pieris, Dorothy Wyckoff

Pieris japonica 'Dorothy Wyckoff'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5
Height	3 to 5 feet	Spread	3 to 5 feet	Growth Rate	4 to 6 inches yearly
Foliage	Narrow, pointed 3 to 4 inches long				
Summer Color	Dark Green	Autumn Color	Reddish Green		
Plant Attributes	Oval, mound with upright branches. New growth emerges red and matures to glossy dark green. In March; long clusters of bell shaped, pink flowers appear hanging from the branches.				

Pieris, Flaming Silver

Pieris japonica 'Flaming Silver'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5 to 7
Height	3 to 5 feet	Spread	2 to 3 feet	Growth Rate	4 to 6 inches yearly
Foliage	Narrow, pointed 3 to 4 inches long				
Summer Color	Green with white margins, New growth red	Autumn Color	Green		
Plant Attributes	Oval, mound with upright branches. New growth emerges red and matures to glossy dark green with white margins. In March; long clusters of bell shaped, white flowers appear hanging from the branches.				

Pieris, Flamingo

Pieris japonica 'Flamingo'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5 to 7
Height	3 to 5 feet	Spread	3 to 5 feet	Growth Rate	4 to 6 inches yearly
Foliage	Narrow, pointed 3 to 4 inches long				
Summer Color	Dark Green, New growth Red/Pink		Autumn Color	Green	
Plant Attributes	Oval, mound with upright branches. New growth emerges red/pink and matures to glossy dark green. In March; long clusters of bell shaped Dark Pink flowers appear hanging from the branches.				

Pieris, Mountain Fire

Pieris japonica 'Mountain Fire'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5 to 7
Height	3 to 5 feet	Spread	3 to 5 feet	Growth Rate	4 to 6 inches yearly
Foliage	Narrow, pointed 3 to 4 inches long				
Summer Color	Dark Green, New growth fiery red		Autumn Color	Green	
Plant Attributes	Oval, mound with upright branches. New growth emerges fiery red and matures to glossy dark green. In March; long clusters of bell shaped white flowers appear hanging from the branches.				

Pieris, Valley Valentine

Pieris japonica 'Valley Valentine'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	6 to 8
Height	5 to 7 feet	Spread	5 to 7 feet	Growth Rate	4 to 6 inches yearly
Foliage	Narrow, pointed 3 to 4 inches long				
Summer Color	Green, new growth Bronze		Autumn Color	Green	
Plant Attributes	Oval, mound with upright branches. New growth emerges bronzy red and matures to glossy dark green. In March; long cluster of bell shaped red/pink flowers appear hanging from the branches.				

Pine, Brepo

Pinus nigra 'Pietrick Bregeon'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	4 to 8
Height	3 to 4 feet	Spread	3 to 4 feet	Growth Rate	3 to 4 inches
Foliage	3 to 6 1/2 inch stiff needles				
Summer Color	Dark Green		Autumn Color		
Plant Attributes	More compact than Mugo Pine with an upright and rounded habit, but just as tough; this one can go in smaller areas that need a pine to compliment to the flower bed.				

Pine, Dwarf Mugo

Pinus mugo 'Pumilio'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	2
Height	4 feet	Spread	6 feet	Growth Rate	2 to 4 inches yearly
Foliage	2 inches long or less in twos				
Summer Color	Dark Green		Autumn Color		
Plant Attributes	Mounded with spreading branches, this one is great for adding a new texture and year round interest to the flower bed. Tough and adaptable to most situations. Can be used to form a hedge.				

Pine, Nanito on Standard

Pinus mugo 'Nanito'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	4
Height	3 to 4 feet	Spread	3 to 4 feet	Growth Rate	2 to 3 inches yearly
Foliage	Short Needles				
Summer Color	Dark Green	Autumn Color	Dark Green		
Plant Attributes	When in need of a small tree or hieght but under 4 feet tall. Dark green short needles, keeps a rounded shape.				

Pine, Tannenbaum

Pinus mugo 'Tannenbaum'

Type	Evergreen	Exposure	Full Sun to Partail Shade	USDA Zones	2 to 7
Height	10 to 12 feet	Spread	6 feet	Growth Rate	3 to 5 inches yearly
Foliage	2 inches long or less in twos				
Summer Color	Dark Green	Autumn Color	Green		
Plant Attributes	Upright Pyramidal, this one is great for adding a new texture and year round interest to the flower bed. Tough and adaptable to most situations. Great for when need of a pine tree but not the size of a pine tree.				

Rhododendron, Capistrano

Rhododendron x 'Capistrano'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5 (H2)
Height	4 feet	Spread	4 feet	Growth Rate	6 to 8 inches yearly
Foliage	Medium and leathery; pointed oval				
Summer Color	Green	Autumn Color	Green		
Plant Attributes	Rounded with upright branches and dark green, aromatic foliage for year round interest in the shade garden. In Late Spring; ball shaped clusters of Yellow flowers appear on foliage tips.				

Rhododendron, Crete

Rhododendron x 'Crete'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	H-1
Height	4 feet	Spread	4 feet	Growth Rate	4 to 6 inches yearly
Foliage	Large & Leathery: pointed oval				
Summer Color	Dark Green	Autumn Color	Dark Green		
Plant Attributes	Rounded with upright branches and dark green, aromatic foliage for year round interest in the shade garden. In Late Spring; ball shaped clusters of Pink buds open to White flowers appear on foliage tips.				

Rhododendron, Fantastica

Rhododendron x 'Fantastica'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	H2
Height	3 to 4 feet	Spread	3 to 4 feet	Growth Rate	4 to 6 inches yearly
Foliage	Large & Leathery: pointed oval				
Summer Color	Dark Green	Autumn Color	Dark Green		
Plant Attributes	Rounded with upright branches and dark green, aromatic foliage for year round interest in the shade garden. In Mid Spring; ball shaped clusters of Rose Red with Pink centers flowers appear on foliage tips.				

Rhododendron, Holden

Rhododendron x 'Holden'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5 to 7 (H2)
Height	4 to 6 feet	Spread	4 to 6 feet	Growth Rate	6 to 8 inches yearly
Foliage	Large and leathery; pointed oval				
Summer Color	Dark Green	Autumn Color	Dark Green		
Plant Attributes	Rounded with upright branches and dark green, aromatic foliage for year round interest in the shade garden. In Late Spring; ball shaped clusters of Rose Red with a Dark Red Blotch flowers appear on foliage tips.				

Rhododendron, Impeditum

Rhododendron impeditum

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5 to 6 (H2)
Height	12 inches	Spread	12 inches	Growth Rate	2 inches yearly
Foliage	Very small and leathery; pointed oval				
Summer Color	Greenish Grey	Autumn Color	Greenish Grey		
Plant Attributes	Mounded with dense branching and greenish grey, aromatic foliage for year round interest in the shade garden. In Early Spring; ball shaped clusters of Bright Purple flowers appear on foliage tips.				

Rhododendron, Lee's Dark Purple

Rhododendron x 'Lee's Dark Purple'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	4 to 6 (H1)
Height	6 to 10 feet	Spread	6 to 10 feet	Growth Rate	6 to 8 inches yearly
Foliage	Large and leathery; pointed oval				
Summer Color	Dark Green	Autumn Color	Dark Green		
Plant Attributes	Rounded with upright branches and dark green, aromatic foliage for year round interest in the shade garden. In Late Spring; ball shaped clusters of Dark Purple with an almost Black Blotch flowers appear on foliage tips.				

Rhododendron, Mardi Gras

Rhododendron x 'Mardi Gras'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5 (H2)
Height	3 feet	Spread	3 feet	Growth Rate	4 to 6 inches yearly
Foliage	Large and leathery; pointed oval				
Summer Color	Dark Green	Autumn Color	Dark Green		
Plant Attributes	Rounded with upright branches and dark green, aromatic foliage for year round interest in the shade garden. In Late Spring; ball shaped clusters of Purple-pink that fad to White flowers appear on foliage tips.				

Rhododendron, Nova Zembla

Rhododendron Parson Grandiflorum x hardy red

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	4 to 6 (H1)
Height	4 to 6 feet	Spread	4 to 6 feet	Growth Rate	6 to 8 inches yearly
Foliage	Large and leathery; pointed oval				
Summer Color	Dark Green	Autumn Color	Dark Green		
Plant Attributes	Rounded with upright branches and dark green, aromatic foliage for year round interest in the shade garden. In Mid Spring; ball shaped clusters of Dark Red flowers appear on foliage tips.				

Rhododendron, Percy Wiseman

Rhododendron x 'Percy Wiseman'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	H2 (5)
Height	4 feet	Spread	4 feet	Growth Rate	6 to 8 inches yearly
Foliage	Large and leathery; pointed oval				
Summer Color	Dark Green	Autumn Color	Dark Green		
Plant Attributes	Rounded with upright branches and dark green, aromatic foliage for year round interest in the shade garden. In Mid Spring; ball shaped clusters of Peach flowers appear on foliage tips.				

Rhododendron, PJM (Compact)

Rhododendron x 'PJM'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	4 to 6 (H-1)
Height	4 feet	Spread	4 feet	Growth Rate	3 to 4 inches yearly
Foliage	Small and leathery; pointed oval				
Summer Color	Green	Autumn Color	Mahogany		
Plant Attributes	Rounded with compact, upright branches and dark green, aromatic foliage for year round interest in the shade garden. In Early Spring; ball shaped clusters of Soft Lavender Pink flowers appear on foliage tips. For fall and winter foliage turns maroon.				

Rhododendron, PJM Regal

Rhododendron x 'PJM Regal'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	H1 (4)
Height	4 to 6 feet	Spread	4 to 6 feet	Growth Rate	3 to 4 inches yearly
Foliage	Small and leathery; pointed oval				
Summer Color	Green	Autumn Color	Mahogany		
Plant Attributes	Rounded with compact, upright branches and dark green, aromatic foliage for year round interest in the shade garden. In Early Spring; ball shaped clusters of Soft Lavender Pink flowers appear on foliage tips. For fall and winter foliage turns maroon.				

Rhododendron, Scintillation

Rhododendron x 'Scintillation'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5 to 7 (H2)
Height	4 to 6 feet	Spread	4 to 6 feet	Growth Rate	6 to 8 inches yearly
Foliage	Large and leathery; pointed oval				
Summer Color	Dark Green	Autumn Color	Dark Green		
Plant Attributes	Rounded with upright branches and dark green, aromatic foliage for year round interest in the shade garden. In Late Spring; ball shaped clusters of Light Pink with a Bronze throat flowers appear on foliage tips.				

Rhododendron, Sneezy

Rhododendron x 'Sneezy'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	H-2
Height	4 feet	Spread	4 feet	Growth Rate	4 to 6 inches yearly
Foliage	Large & Leathery; pointed oval				
Summer Color	Dark Green	Autumn Color	Dark Green		
Plant Attributes	Rounded with upright branches and dark green, aromatic foliage for year round interest in the shade garden. In Late Spring; ball shaped clusters of Rich Pink flowers appear on foliage tips.				

Spruce, Blue Wonder Alberta

Picea glauca 'Blue Wonder'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	2 to 8
Height	6 feet	Spread	2 1/2 to 3 feet	Growth Rate	2 to 3 inches yearly
Foliage	Short stiff needles				
Summer Color	Gray-Blue	Autumn Color	Gray-Blue		
Plant Attributes	A gray blue, upright cone shape focal or accent plant. Great for Christmas lights during the holidays. Can be a container plant or planted in the garden.				

Spruce, Dwarf Alberta

Picea glauca 'Conica'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	2 to 8
Height	6 to 8 feet	Spread	3 to 3 1/2 feet	Growth Rate	2 to 3 inches yearly
Foliage	Short, fine needles				
Summer Color	Green	Autumn Color	Green		
Plant Attributes	A green, upright, cone shape focal or accent plant. Great for Christmas lights during the holidays. Can be a container plant or planted in the garden.				

Spruce, Dwarf Alberta 5 tier Fountain

Picea glauca 'Conica'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	2 to 8
Height	Controlled by Pruning	Spread	Controlled by Pruning	Growth Rate	2 to 3 inches yearly
Foliage	Short, fine needles				
Summer Color	Green	Autumn Color	Green		
Plant Attributes	Great accent or specimen for the garden or container with foliage trimmed to resemble a formal water fountain. Requires only once a year trimming to keep shape.				

Spruce, Dwarf Alberta Hindu Pan

Picea glauca 'Conica'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	2 to 8
Height	Controlled by Pruning	Spread	Controlled by Pruning	Growth Rate	2 to 3 inches yearly
Foliage	Short, fine needles				
Summer Color	Green	Autumn Color	Green		
Plant Attributes	Great accent or specimen for the garden or container with foliage trimmed into squared pans that have been layered upward. Requires only once a year trimming to keep shape.				

Spruce, Dwarf Alberta Milano

Picea glauca 'Conica'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	2 to 8
Height	Controlled by Pruning	Spread	Controlled by Pruning	Growth Rate	2 to 3 inches yearly
Foliage	Short, fine needles				
Summer Color	Green	Autumn Color	Green		
Plant Attributes	Great accent or specimen for the garden or container with foliage trimmed to have a ball topped with a double spiral. Requires only once a year trimming to keep shape.				

Spruce, Dwarf Serbian

Picea omorika 'Nana'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	4 to 7
Height	3 to 4 feet	Spread	3 to 4 feet	Growth Rate	4 inches yearly
Foliage	Short needles				
Summer Color	Blue Green with 2 White bands	Autumn Color	Blue Green with 2 White bands		
Plant Attributes	Year round texture and foliage interest by being tight compact globe while appearing to have multi-colored needles.				

Spruce, Globosa Blue Spruce Grafted on St

Picea pungens 'Globosa Nana'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	3 to 8
Height	4 1/2 feet	Spread	3 feet	Growth Rate	2 to 4 inches yearly
Foliage	Stiff needles				
Summer Color	Dark Blue - Silver	Autumn Color	Dark Blue - Silver		
Plant Attributes	A blue patio tree for containers or the garden. Compact habit allows for a focal point in small to big beds.				

Spruce, Little Gem

Picea abies 'Little Gem'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	2 to 8
Height	18 inches	Spread	18 inches	Growth Rate	1 to 3 inches yearly
Foliage	Short stiff needles				
Summer Color	Dark Green	Autumn Color			
Plant Attributes	Compact, flat topped global that is great for spaces where something evergreen and low is needed.				

Spruce, Nest

Picea abies 'Nidiformis'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	2 to 8
Height	3 feet	Spread	4 to 6 feet	Growth Rate	2 to 3 inches yearly
Foliage	Stiff needles				
Summer Color	Dark Green	Autumn Color	Dark Green		
Plant Attributes	Naturally a flat topped evergreen with dense spreading branches, that is great for borders or for some evergreen interest. Attracts birds for habitat.				

Spruce, Sester's Dwarf

Picea pungens glauca 'Sester's Dwarf'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	3
Height	7 to 8 feet	Spread	4 to 5 feet	Growth Rate	2 to 3 inches yearly
Foliage	Stiff needles				
Summer Color	Blue	Autumn Color	Blue		
Plant Attributes	A blue, pyramidal, mini tree for a focal point or accent where a real tree is too big. Great for Christmas lights during the holidays.				

Spruce, Sherwood

Picea abies 'Sherwoodii'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	2 to 8
Height	5 feet	Spread	10 feet	Growth Rate	2 to 3 inches yearly
Foliage	Stiff needles				
Summer Color	Dark Green	Autumn Color	Dark Green		
Plant Attributes	Short but spreads horizontally with a irregular habit; this dark green focal or accent plant add both texture and winter interest to the flower bed.				

Viburnum, C.A. Hildebrant's

Viburnum wrightii 'C.A. Hildebrant's'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	5
Height	6 to 8 feet	Spread	6 to 8 feet	Growth Rate	4 to 8 inches yearly
Foliage	Rounded 3 to 5 inch Leaves				
Summer Color	Dark Green	Autumn Color	Yellow		
Plant Attributes	Rounded with upright branches and green foliage supports clusters of white flowers in Spring. Then turns yellow for fall with persistent red berries.				

Winter Creeper, Purple

Euonymus fortunei 'Coloratus'

Type	Evergreen	Exposure	Afternoon Shade	USDA Zones	5 to 7
Height	18 to 24 inches	Spread	6 to 8 feet	Growth Rate	8 to 12 inches yearly
Foliage	1 to 1 1/2 inch long, rounded				
Summer Color	Glossy Green	Autumn Color	Rich Plum to Purple		
Plant Attributes	A creeping groundcover that has a summer color of glossy green that turns a plum purple for the fall and winter. In fall small, round, red berries appear in fall.				

Yew, Emerald Spreader Japanese

Taxus x cuspidate 'Monloo'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	4 to 8
Height	30 inches	Spread	6 to 8 feet	Growth Rate	3 to 5 inches yearly
Foliage	Soft short needles				
Summer Color	Deep Green	Autumn Color			
Plant Attributes	A nice, low mound with spreading branches when in need of something dark green as a border plant or a short hedge. In late summer to early fall produces small, non edible, red berries for an added bonus.				

Yew, Hicks

Taxus x media 'Hicksii'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	4 to 8
Height	10 to 12 feet	Spread	3 to 4 feet	Growth Rate	4 to 8 inches yearly
Foliage	Soft short needles				
Summer Color	Dark Green	Autumn Color			
Plant Attributes	A narrow, dense, dark green columnar that can be used as a narrow hedge or as a specimen. In late summer to early fall produces small, non edible, red berries for an added bonus.				

Yew, Spreading

Taxus x media 'Densiformis'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	4 to 8
Height	4 to 5 feet	Spread	6 to 8 feet	Growth Rate	5 to 10 inches yearly
Foliage	Soft short needles				
Summer Color	Green	Autumn Color			
Plant Attributes	A nice, wide, fan shape with upright spreading branches; when in need of something dark green as a specimen or a hedge. In late summer to early fall produces small, non edible, red berries for an added bonus.				

Yew, Tauntoni

Taxus x media 'Tauntoni'

Type	Evergreen	Exposure	Full Sun to Partial Shade	USDA Zones	4
Height	3 to 4 feet	Spread	3 to 4 feet	Growth Rate	2 to 4 inches yearly
Foliage	Soft short needles				
Summer Color	Dark Green	Autumn Color
